REPORTED ELOPEMENT OF A COLORED MAN AND WRITE WOMAN-REPUBLICAN CONGRES-HONAL CONVENTION-APPOMATTOX-RIVER IMPROVEMENT-POLITICAL MATTERS-CIN-CINNATI CONVENTION.

JUNE 11, 1880.

The westward-bound train on the Atlantic, Mississippi and Onio railroad this morning is reported to have had among its passengers a colored man and a young white woman whose destination is some point beyond the limits of the State, where they are to be made man and wife. The woman's face was so thickly veiled as to be concealed from view. Who they are is not known, though it is said they get on the train at some point this side of Norfolk.

The first test of the new organ at the Second Presbylerian church was made last night in the presence of a large and fashionable assemblage. Among those who performed on the instrument was Dr. Cowan, the Monte was Dr. Cowan, the organist of the Monumental church, in Richmond. The interest of the occasion was increased by vocal music rendered by volunteers from the different choirs of the The large new organ at Grace church

will be ready for use on Sunday.

At a meeting of the Republican Executive are those of Dr. Joseph Jorgensen, our pre-sent representative, and Mr. J. H. Van Auken. The latter is said to possess considerable strength. Other names will probably be brought before the Convention, and of course it is impossible to predict who the nominee will be. Mr. Edgar Allan is said to have an influential following in his porion of the district.

There are no intimations as yet as to what will be the policy of the Readjusters in this district in the congressional campaign. Their Convention of July 7th will doubtle shape their policy throughout the State. The congressional appropriation of \$20.

there are as firm opponents of any further expenditure of money by the city, on the Academy, at Fort Defiance, takes place next. In this garden concerts will be given during expenditure of money by the city, on the ground that the \$385,000 spent by the city in this work during the past twenty-five years has accomplished but little good.

The city is very quiet politically. The Republican nominations at Chicago fall very

flat, and create no sort of enthusiasm among the great body of the Republican voters. Among the Democrats Hancock, Sevmour, and Hendricks are the favorites, though any good man nominated by the Cincinnati Convention will receive their cordial support. Field has a good many riends, but he is not the favorite in Petersburg. Tilden has but a small following.

SKIN COPPER-COLORED.

Messrs. Weeks & Potter:

Gentlemen,—I have been afflicted with a troublesome skiu-disease, covering almost completely the upper part of my body, causing my skin to assume a couper-colored hue. It could be rubbed off like dandruft, and at times caused an intolerable ltching and the most lutenes suffering. I have used blood-purifiers, pills, and other advertised remedies, but experienced no relief until I procured the CUTICU-RA REMEDIES, which, although used carelessiv and irregularly, cured me, allaying that terrible ltching and restoring my skin to its natural color. I am willing to make affidavit to the truth of this statement.
